

**2010-2011 Budget  
Third Draft  
June 7th, 2010**

## Introduction

A budget is a financial plan designed to achieve the educational objectives of the Waunakee Community School District. The budget needs to be accountable to meet these educational objectives within the financial constraints that exist. The budget needs to be understandable to the Board of Education, administration, staff, parents, and the district taxpayers. The budget was developed with significant staff input regarding needs and priorities. The budget was developed based on principals of long-term fiscal planning.

## Timeline

The budget process for the 2010-2011 fiscal year began in December 2009 with the preparation of budget guidelines, a 5-year budget forecast, and a budget timeline. The budget guidelines, a 5-year budget forecast, and budget timeline were presented to the Budget Committee in December 2009. The 2010-2011 budget planning process was reviewed by the Board of Education during January 2010 at a special board meeting and then approved at the regular February board meeting. Building/department level budget planning took place between February-March. Administrative review of the budget took place in March. The first draft of the budget was presented to the Board of Education in April. The second draft of the budget was presented in May. A public hearing on the budget will take place in June. The administration will request that the Board of Education approve the preliminary budget in June. The preliminary budget will be presented at the Annual Meeting in October with community approval of the tax levy. The Budget Committee will review any necessary changes to the budget in October. The Board of Education will approve the final version of the budget and set the tax levy at a special meeting in October scheduled for the 25<sup>th</sup>.

## Executive Summary

A school district's budget is divided into many "funds". These "funds" are used to account for specific school district programs. The different "funds" and their descriptions are presented below:

<b>FUND</b>	<b>DESCRIPTION</b>
10	General
21	Special Revenue Trust
27	Special Education
38	Non-Referendum Debt Service
39	Referendum Debt Service
49	Capital Projects
50	Food Service
72	Private Benefit Trust
73	Employee Benefit Trust
80	Community Service
99	Other Cooperative Funds

A state revenue cap formula is a significant factor in the development of the budget. The revenue cap limits the amount of revenue available to school districts from the two main sources- property taxes and state equalization aid. The revenue cap directly affects Funds 10 and 38, and indirectly affects Fund 27.

Student enrollment is a key factor in the revenue cap formula. The most recent four years of historical numbers and the projected September 2010 numbers are shown below:

The historical student count, and 2010 projected count, shows an increasing enrollment. This increasing enrollment results in additional revenues being available through the revenue cap formula.

The 2010-2011 revenue cap limit is estimated to increase to \$36,691,933 or \$1,466,442 higher than 2009-2010. This increase equates to a 4.2% increase. The 2010-2011 state equalization aid is estimated to decrease to \$17,042,248 or \$472,910 lower than 2009-2010. This change equates to a 2.7% decrease. The district has not received any information at this time regarding 2010-2011 state equalization aid.

The 2010-2011 tax levy increases to \$24,642,880 or \$1,845,971 higher than 2009-2010. This increase equates to an 8.1% increase. Two years of historical information and the proposed tax levy for this year is shown below.

<b>Proposed Property Tax Levy</b>			
<b>FUND</b>	<b>Audited 2008-2009</b>	<b>Actual 2009-10</b>	<b>Proposed 2010-11</b>

<b>PERCENTAGE INCREASE -- TOTAL LEVY FROM PRIOR YR</b>	<b>7.4%</b>	<b>9.5%</b>	<b>8.1%</b>

The 2010-2011 tax base is estimated to remain the same at \$2,107,450,933 or \$0 higher than 2009-2010. This change equates to a 0% increase. The 2010-2011 tax rate (tax levy/tax base) increases to \$11.69 or \$.87 higher than 2009-2010. This increase equates to an 8.1% increase. The school tax on a \$200,000 home is estimated to increase from \$2,164 to \$2,338 or \$174 higher (assuming home had assessment change of 0%).

A summary of the expenditures showing two years of historical information and the proposed 2010-2011 budget is shown below. Fund 72 and 73 are not included in the summary below.

**Overall considerations for Fund 10:**

- Budget is balanced with a small positive balance.
- The small positive balance is reserved for future parking lot expenses.
- Revenue cap increase is estimated based on September, 2010 student count and \$200/student increase.
- State equalization aid information has not been provided at this time.
- No fee increase for general student fees, a parking fee increase to \$50 is included.
- General contingency of \$100,000 is added back in the budget.
- The personnel budget includes a 4.17 FTE teaching increase, a 1.0 Director of Technology position, and salary and benefit increases for existing staff. The additional teaching positions are presented on the next page.
- A portion of the technology budget will be re-allocated to personnel costs (\$14,268) to fund the technology director position and (\$140,000) to remove the 1-time costs of purchasing the Infinite Campus program.
