

# EXECUTIVE SUMMARY REPORT

## WAUNAKEE SCHOOLS: PRAIRIE ELEMENTARY

August 26<sup>th</sup>, 2015

### What's New?

The addition is almost complete, with the final touches to the space being done this week. All that is left for the addition and existing space is to complete the punch-list items that were reviewed with the project team late last week. We also received our Certificate of Occupancy last week, meaning that teachers were officially able to move their supplies into the new space!

### The Past Week

- Remaining casework installed
- Certificate of Occupancy
- Landscaping and playground completed
- Playground blacktop surfacing

### Coming Up

- Asphalt striping (play areas)
- Smartboard installations
- Paint touch-ups
- Punchlist completion

*A new Smartboard that is ready to be installed.*

*A newly decorated tackboard to welcome the Kindergarteners to their new space!*

*One of the new Kindergarten rooms, decorated with the teacher's furniture and activity stations.*

**Did you know?** The new Kindergarten space will accommodate over 80 new students this fall!

# EXECUTIVE SUMMARY REPORT

## WAUNAKEE SCHOOLS: PRAIRIE ELEMENTARY

*Another example of a new Kindergarten classroom, with teachers working hard to get ready for the first day of school.*

*The front parking lot being prepped for striping.*

*The new breakout space with markerboard wall just completed*

*Asphalt surface course was placed, and the playgrounds are complete.*
