WAUNAKEE SCHOOLS: HERITAGE ELEMENTARY

August 13th, 2016

What's New?

- With the start of school just around the corner, things are coming together in a hurry at Heritage Elementary. Ceramic tile and millwork install were completed this week. Carpet installers and painters will finish up next week. As of today, exterior cleanup and exterior signage is the only work left to do outside.

Playground equipment install finished up this week.

Areas around the east path were seeded last week. This will be a nice scene when the grass comes in, don't you think?

Did you know? A 50' x 50' lawn produces enough oxygen to supply a family of four. At the same time the lawn is also absorbing Carbon Dioxide and other harmful pollutants. Imagine how much Oxygen is produced and pollutants are absorbed by a 360' x a160' Football field!

WAUNAKEE SCHOOLS: HERITAGE ELEMENTARY

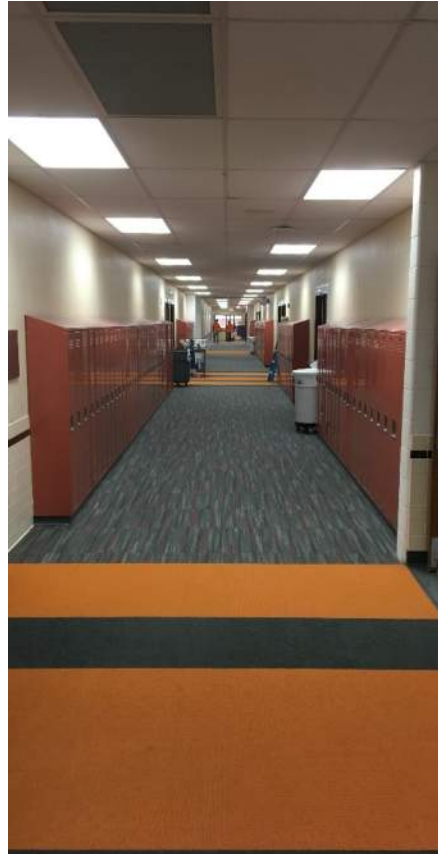

Lots of finishes went in this week in classroom C021. This includes casework installation, epoxy flooring, final painting and carpet.

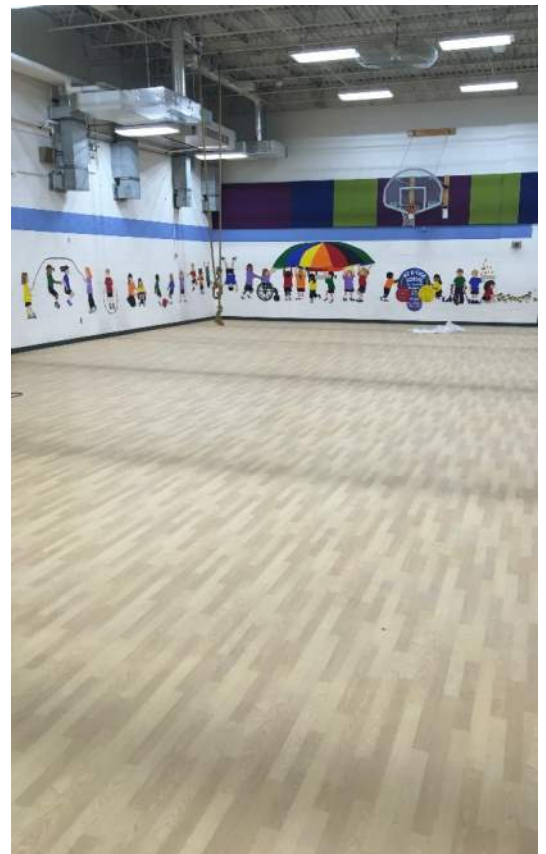

Epoxy Flooring was set in lower level bathrooms B009 & B013 this week.

This "Sapphire Bright" ceramic tile color really looks sharp! This is toilet room C011C next to the shared resource area.

The new carpet with the lockers on floor two looks really nice. This area was punched out on Tuesday!

With a brand gym floor, we may soon see a real life version of the wall animation in the Heritage Multi-purpose Room!
