

EXECUTIVE SUMMARY REPORT

WAUNAKEE SCHOOLS: NEW INTERMEDIATE SCHOOL

Week ending August 26th, 2016

What's New?

School starts next week and everyone is excited! "WOW", "COOL", "THIS IS AMAZING", "MOM/DAD LOOK!", "I'M SO EXCITED TO COME TO SCHOOL", and "OH SNAP" are some of the expressions of excitement coming from students and parents on registration day Tuesday. "WE ARE SO BLESSED" was heard from Chris Hetzel as she smiled with joy seeing the reaction from people as they

walked the building.

The Past Two Weeks

- Wall Graphics Installed
- 'Green' Roof Vegetation Installed
- Asphalt Paving Complete
- Exterior Signage Installed
- Landscaping
- Furniture & Technology Set-up

Coming Up in the Weeks Ahead

- Final Graphics and Signage
- Playground Striping
- Site Restoration and Seeding
- First Day of School!

The new light fixtures and mural make the view of the library almost as pretty as the view out of the window!

Above you can see what a typical Intermediate 5/6 classroom or "Village" will look like!

Did you know? A pencil will write upside down, in zero gravity and even under water. It also can write up to 45,000 words or draw a line that is 35 miles long! It looks like the Intermediate students have a lot of work to do if they are going to use a whole box of pencils this school year!

EXECUTIVE SUMMARY REPORT

WAUNAKEE SCHOOLS: NEW INTERMEDIATE SCHOOL

This sign below is one of the first things you will see as you are walking up to the front doors.

WAUNAKEE INTERMEDIATE SCHOOL

WAUNAKEE COMMUNITY SCHOOL DISTRICT

The picture on the right shows one of the many collaboration spaces that Intermediate offers students. This one has a nice view of one of the green roofs!

This mural in the cafeteria really shows the pride of Waunakee!

The social stair was a huge hit during registration!

It may be hot outside, but the freezers are ice cold and ready for food!
