

EXECUTIVE SUMMARY REPORT

WAUNAKEE SCHOOLS: PRAIRIE ELEMENTARY

Week ending August 14th, 2015

What's New?

The Prairie Elementary addition is almost complete! Casework, cubbies, flooring, asphalt paving have been installed in the past couple weeks. In addition to that, the gym floor, windows, ceilings, toilets & sinks were completed along with the paint and tiling. The parking lots in front of the school were done last week, and we will be finishing up within the next couple weeks ready for school to begin!

The Past Week

- Casework, cubbies, flooring, and asphalt paving
- Gym floor, windows, ceilings, toilet & sinks
- Painting, tiling, and visual display boards
- Secure entries, security, access control, fire alarm testing, and new PA system

Coming Up in the Week Ahead

- Complete remaining casework and finishes
- Playground marking and equipment
- Final course of asphalt paving at south play area and parking lot
- Certificate of Occupancy, Furniture, and Smart Board installations

The work area between classrooms, complete with cubbies and cabinets above for maximum storage.

The playground installation is moving quickly. This is one of two playsees being installed. The south playground is designed for K-2 and the north playground for 3-4.

Ceiling detail in the new breakout area with paint colors to match the classroom accent walls.

Did you know? The first blacktop, or asphalt, road was in 1824 where asphalt blocks were placed on the Champs-Élysées in Paris, France.
