STUDENT INFORMATION DISCLOSURE:**Disclosure of Student Directory Data – Family Educational Rights and Privacy Act (FERPA):**

Schools are permitted to disclose, without consent, “directory” information such as a student’s name, address, telephone listing data and place of birth, honors and awards, and dates of attendance. Under the Family Educational Rights and Privacy Act, the district is required to give parents/guardians the notice of the opportunity to have their child’s directory data remain confidential if they provide the school administration such a request in writing. Through an annual notice published in August in the Waunakee Tribune, the District provides detailed notice of the information designated as directory data and parents’ rights to refuse disclosure of the directory data. Parents have 14 days from receiving the annual notice to refuse the release of directory data information by contacting their child’s principal. *This means that you have control over what information the district can release to third parties if they ask the school for information regarding your child.*

STUDENT RECRUITING INFORMATION – high school level only

The school district is required to provide, upon request by military recruiters or an institution of higher education, access to student directory data (name, address, telephone listing). Under the No Child Left Behind Act of 2001 and the National Defense Authorization Act for Fiscal Year 2002, the district is required to give parents/guardians the notice of the opportunity to have their child’s directory data (student name, student address and telephone listings) protected if they provide the school administration their intentions in writing. Absent parental request to protect this information, military recruiters and higher education institutions may receive this information upon request.

To the best of my knowledge, the information provided is complete and accurate.
