

**For Immediate Release**

Friday, May 23, 2014

Contact: Randy Guttenberg, Superintendent  
Waunakee Community School District

**Community Survey on Facilities Planning Now Available**  
*All Waunakee Residents Urged to Provide Feedback by June 11, 2014*

**Waunakee, WI** – A community-wide survey focused on long-term facilities planning is now available to all residents of the Waunakee Community School District. The School Board has been working for several years to develop options to address significant growth in student enrollment. Input from hundreds of residents has now narrowed the options to three comprehensive plans. The District is committed to finding a solution through a long-term Facilities Master Plan that supports teaching and learning, and one that recognizes the important input of our staff and community.

Therefore, prior to making any final decisions, the District is urging *all residents* to participate in this inclusive community-wide survey. To assist with data gathering efforts, the School Board is working with *School Perceptions LLC*, an independent Wisconsin firm with expertise in conducting school district surveys. **Surveys are being delivered to all district households over Memorial Day weekend and will be open through June 11, 2014.** Survey data is returned directly to *School Perceptions* and all information will remain confidential.

*Residents can take the survey before **June 11** in two easy ways:*

1. **ONLINE:** Log on to [www.survey2000.com](http://www.survey2000.com) and enter the *survey access number* printed on the survey mailed to every district household. Residents are encouraged to take the survey online to reduce handling costs to the district.

**(or)**

2. **PAPER:** Complete the hard copy survey mailed to each household and return in the enclosed postage-paid return envelope directly to School Perceptions.

Additional access codes for other adult members in the home will be available through the District Office at (608) 849-2000. Findings from the community survey will be presented at a special School Board meeting on June 23 at 6:30pm at the District Office. Results will also be available on the district website.
