## WAUNAKEE SCHOOLS: NEW INTERMEDIATE SCHOOL

Week ending June 19, 2015

### What's New?

We are onsite and excited to start the new Intermediate School off of Woodland Drive! The earthwork contractor has mobilized and begun grading the site with the help of large earth moving equipment. Site Utilities have also begun. The Findorff job trailer was brought to site this week, with Site Superintendent, Tom Faust, ready to dig in on the new school.

### The Past Two Weeks

- Site Surveying
- Mobilization of Sitework Equipment
- Mass Site Excavation
- New Utilities
- Findorff Mobilization

### Coming Up in the Week Ahead

- Continue Mass Grading
- Site Utilities
- Temp Site Power and Utility Relocates

Several earth moving machines working to establish access to the new building location.

Earthmovers are removing the topsoil and stockpiling.

Compactor onsite to get the roadway established.

**Did you know?** The crane (shown above) got the name 'crane' because it resembles, in shape and structure, the well-known tall long-legged and long-necked bird that has the same name – Crane.
