

The Waunakee Community School District provides the public, staff, and student information through their website on the internet. Web pages are also used for instructional purposes.

1. The district website shall be developed and controlled under the supervision of the Communication and Engagement Specialist and the Director of Technology. They will be responsible for designating webmasters for each of the school building websites and any other departments as needed. No one, other than the designated webmasters are authorized to add, change, or alter district web pages.
2. District web pages will meet the same criteria established under district acceptable use policies and rules for content (i.e., no information that is inappropriate, obscene, racist, sexist, contains obscenities or inflammatory/abusive language). District sites shall not be linked to sites that do not meet the same criteria.
3. District web pages provide identification consistent with the District policies and rules on student directory data.
4. District web pages shall be maintained and updated on a regular basis.
5. Staff members are encouraged to work with their school, or department webmaster to utilize district web pages to provide information to the public on school events, curriculum, programs, staff vacancies, budget, policies, and staff/student accomplishments.
