

I. DEFINITIONS

- A. Student Participant: Any student who is trying out for or participating in any school-sponsored co or extracurricular activity at the high school, as outlined in the student handbook.
- B. Alcohol: Any liquor, wine, beer, or other drink containing alcohol.
- C. Drugs: Phencyclidine (PCP), marijuana (THC), cocaine, methamphetamine, morphine, alcohol, nicotine, and anabolic steroids, except when taken pursuant to a legal prescription issued and any other substance determined by the United States Department of Transportation to be a controlled substance.
- D. Positive Results: A test result which indicates the presence of illegal drugs or alcohol.
- E. Administrative Failure: Is a failure to follow the drug testing procedures in an effort to deceive or pass the random drug test. This would include all/any attempts to provide a false sample, assist in providing a false sample, or in any other manner refuse to or not comply with the testing procedures. An administrative failure will be treated the same as a failed drug test and the appropriate co-curricular penalties will be applied.

II. CONSENT FORM

Students signing up for high school co/extracurricular activities shall be given a consent form, the execution of which by the student and, if the student is a minor, his/her parents/guardians, constitutes express permission and agreement that the student will submit to periodic random drug testing. Signing the consent form, and adherence to its conditions thereafter, shall be a condition of participation in the co/extracurricular activity.

III. RANDOM SELECTION OF STUDENTS FOR TESTING

Each student participant shall be assigned a number by the Superintendent or his or her designee.

Random draws will be done by the drug screen technician. Random selection of numbers will not occur on the same day each week. A designated number of participants, to be determined at the beginning of each quarter.

IV. NOTIFICATION OF STUDENT PARTICIPANT SELECTED

Students selected to be tested will be called to the office. If a student participant has not been tested by the end of the test day, the Superintendent or designee will determine if the student participant is absent from school. If the absence is due to truancy, the student participant will be ineligible for participation, practice, or competition/performance until the next testing date and then will automatically be tested on that date. If the absence is excused, the student participant

will remain eligible for participation, practice, and competition/performance but will automatically be tested the next date. If a student participant has a second excused absence, he or she will then be declared ineligible until the next test date at which time the student participant will be tested. Ineligibility may be waived upon review by building and/or superintendent.

V. TESTING PROCEDURES

A licensed medical facility selected by the Superintendent shall take every reasonable precaution to collect an unadulterated specimen during the collection process and will provide an accurate chain of custody for each and every specimen. Student participants submitting an adulterated specimen will be re-tested, at the expense of the student or his/her parents or legal guardians, in an observed setting.

VI. TESTING NEGATIVE

The medical review officer will contact the Superintendent or designee within two (2) days of the testing date if results are negative. The parents or legal guardians of a student participant who tests negative will be notified by mail within three (3) days of the district's receipt of the information.

VII. TESTING POSITIVE

The medical review officer will contact the Superintendent or designee within four (4) days of the testing date if the results are positive. The parents or legal guardians of a student participant who tests positive will be notified within twenty-four (24) hours of the district's receipt of the information. The student/athlete immediately becomes ineligible for participation in the student activity, subject to the exercise of options listed with Section IX.

VIII. RE-TESTING

The student participant will have an opportunity within twenty-four (24) hours of the notification of the first positive test results to have the specimen re-tested in the certified facility of the family's choice and at its expense. The Superintendent or his or her designee may consult with medical professionals to evaluate the results of the re-test, taking into consideration any evidence offered by the student. Should the re-test confirm a positive result, and there is not a satisfactory explanation for the positive results, all conditions set forth in Section VIII and XI will apply.

IX. CONSEQUENCES

In the event of a positive test:

First Violation:

Restriction from co-curricular participation (competition/performance) for a period of 33.3% of the participating student's co-curricular competitions/performances which the violating student

would choose to participate in for one season (fall, winter or spring). If the student is not involved in any co-curricular activities at the time of the violation the penalty will apply to the next season of participation. Note: WIAA regulations require a minimum penalty in the next sport if a student is not involved in a sport at the time of the violation. A student could not serve a penalty in a non-athletic event in the fall and participate in a winter athletic activity without the penalty being imposed in that winter sport.

If a student is found to be in violation of the co-curricular code and agrees to complete an AODA/Tobacco assessment and to follow the assessment recommendations, there shall be a 20% suspension for each co-curricular activity, the next season of participation. If a student fails to complete the assessment or follow the recommendations of the assessment then he/she shall serve the 33.3% suspension as outlined above.

A second confirmed positive test will result in:

Second Violation:

Suspension from co-curricular participation (practice and competition) for one full calendar year from the date on which the penalty for the co-curricular code violation was implemented by administrative action.

If a student is found to have violated the co-curricular code a second time and agrees to complete an AODA/Tobacco assessment and to follow through with the assessment recommendations his/her period of suspension will be reduced to 33.3% of each co-curricular activity the student participates in for one calendar year from the date on which the penalty for the co-curricular code violation was implemented by administrative action. If a student fails to complete the AODA/Tobacco assessment or fails to follow the recommendations of the assessment he/she will be suspended from co-curricular participation for one full calendar year from the date the penalty for violation of the co-curricular code is implemented by administrative action.

A third confirmed positive test will result in:

Third Violation:

If a student is found to have violated the co-curricular code for a third time, the student will be indefinitely suspended from participation (practice and competition) in co-curricular activities for the duration of their high school career.

(NOTE: Nothing in Board policy and rule shall prohibit or limit the application of the District's or the WIAA regular student disciplinary rules and regulations to the student participants. The provisions of this policy are considered an addition to all other rules and regulations governing student conduct and discipline.

X. REGAINNING ELIGIBILITY

After the conclusion of the period of exclusion from participation in the co/extracurricular activity as outlined in section IX, the student participant will again be eligible to participate.

XI. CONFIDENTIALITY

The results of any test administered under the terms of Board policy and rule shall be kept confidential and disclosed only to the student, his or her parents or legal guardians, and school officials designated by the Superintendent consistent with legal requirements.. The results of the testing shall not be used as a basis for any disciplinary action other than disqualification as provided for in this policy, the District's or the WIAA rules and regulations. The test results will not be part of the student's permanent record but will be kept in a secure file in the Activities Director's Office.

Adoption Date: June 2000
