

A student accident insurance program providing broad coverage will be purchased by the District. This policy can be accessed by parents/guardians, on an as needed basis, when a student is involved in an accident as outlined in the following paragraph

Such protection will cover the student while at school, while being transported to and from school, and when engaged in any school-sponsored activities (excluding interscholastic athletics) either on school grounds or elsewhere.

Athletic Insurance

Any student participating in interscholastic sports will be afforded the opportunity for insurance coverage. The premium required will be paid by the individual participant.
