

Student Volunteers for School & Public Service

Policy #480

Wauwaukee Community School District

Page 1 of 1

The Board of Education encourages the utilization of student volunteers in the educational program and in useful community services. However, student volunteers must be capable of carrying out the additional load without endangering their academic achievement. Therefore, all student volunteers shall be expected to maintain their grades, attend all classes, and recognize that the activity to which they are volunteering their services is secondary to their primary goal of obtaining an education.

Teachers and members of the community are encouraged to check with the school counselor and/or the principal before students are sought for volunteer help, to make sure that the students can afford academically to undertake the additional responsibility.
