

Sale or Other Disposition of District Real Estate, Buildings, or Property Interests

The School Board retains sole and exclusive authority to approve the sale or other disposition of any land, buildings, or other improvements to land that are owned by the District and no longer needed by the District. The Board shall also directly and expressly approve any sale, release, or modification of any District-owned or District-controlled interest in real property (e.g., an easement or covenant).

Sale or Other Disposition of Other District Property

The Board also has authority to dispose of other District property not addressed in the previous section of this policy, including equipment, materials, or supplies found to be surplus, replaced, broken, damaged, in unusable condition, or obsolete.

The following positions are designated as authorized Director of Business Services under this policy:

1. The Director of Business Services shall oversee the allocation, review, and disposition of all equipment, materials, or supplies.

Whenever the Director of Business Services determines that District property is no longer going to be used in its current function or location, the Director of Business Services shall ensure that reasonable efforts are made to determine whether the property can be appropriately used in another District function or location. If so, the Director of Business Services shall arrange for the internal transfer/re-designation of the property.

For any property that the Director of Business Services determines is no longer going to be used in the District, the following general parameters for further disposition of the property shall apply:

1. Any items that the Director of Business Services, or his or her designee, has determined have minimal or no resale value may, without further Board approval, be (a) offered without cost to a charitable or civic organization or other governmental entity, or (b) discarded or otherwise disposed of using an efficient method.

Any per-item estimated resale value in excess of \$25 shall not be considered minimal, except that any property that does not require further Board approval prior to disposal and that remains unsold after having been offered for sale may be deemed to have minimal resale value.

2. Items (whether individually or grouped for a single transaction) that the Director of Business Services determines can be economically sold (or traded in) for value and that have an estimated resale/fair-market value below \$5,000 may be sold (or traded in) using a process approved by the Executive Director of Operations without further Board approval. Public processes intended to inform/solicit multiple potential buyers (e.g., the use of online public advertising or auctions) shall be the preferred means of attempting to sell such property, except where the Director of Business Services determines that another method of disposition is in the best interest of the District considering all relevant circumstances.
3. Items (whether individually or grouped for a single transaction) that the Director of Business Services estimates to have a resale or other fair-market value of \$5,000 or more may be disposed of only if the Board has expressly approved the specific disposition or expressly

authorized the administration to dispose of the specific piece(s) of property under approved parameters.

The disposition of District property under this policy shall be conducted in the public interest for the benefit of the District. Unless otherwise required by law or by some other special and enforceable condition, all money received from the sale or other disposition of District property shall be directed to the District's general fund.
