- Budget changes that have taken place since July 2023 (Cash flow borrowing expenses, open enrollment revenues and expenses, 4K expenses, transportation expenses, utilities, building budgets, summer school budget, district grants, personnel costs, etc.)
- Final district property values (\$4.6 billion compared to \$4.1 billion budget estimate, which decreases the tax rate.
- Final district revenue cap amount (\$53.4 million compared to budget estimate of \$53.5 million)

Next Steps with 23-24 Budget

Budget/Financial Reviews

As an example:

- In December 2022, the district received an improved rating of AA- from Standard and Poors Global Ratings, which is up from the previous A1 rating.
- Click [here](#) for Bond Rating information under the Financial Transparency tab.

Credit Highlights

- S&P Global Ratings assigned its 'AA-' long-term rating to Waunakee Community School District, Wis.' approximately \$10 million series 2022 general obligation (GO) bonds
- At the same time, we affirmed our 'AA-' long-term rating on the district's GO bonds outstanding.
- The outlook is stable.

Outlook

The stable outlook reflects S&P Global Ratings' expectation of credit stability, despite significant plans to issue additional debt, given the district's robust and growing economy and history of relatively stable reserves.

Downside scenario

We could take negative rating action if budgetary imbalance caused a material decline in reserves without a plan for timely replenishment.

Upside scenario

Although we view such a scenario as unlikely over the outlook horizon, we could take positive rating action with moderation in the district's overall net debt burden and more formalized financial policies and practices, particularly

 - \$1/\$3/\$6 million - November 2022 to November 2024
 - Total expiration of \$8.1 million prior to 2025-26 fiscal year
- Disconnect between state budget resources and operational costs of a public school
 - \$325/student equates to 2.9% revenue increase
 - Expenditure increases exceed 2.9% for major expenditures like CPI salary increases, compensation systems, transportation, utilities, benefits, etc.
 - Alignment of revenues and expenses would require either expenditure reductions or operational referendums
 - Below average compensation for hourly staff

Long-term Financial Planning

- Three year financial plan created without any resources available to fund the plan
- Operational referendum in November 2024 to replace expiring funds of \$8.1 million?

- A community survey will be developed to address the following:
