Introduction

A budget is a financial plan designed to achieve the educational objectives of the Waunakee Community School District. The budget needs to be accountable to meet these educational objectives within the financial constraints that exist. The budget needs to be understandable to the Board of Education, administration, staff, parents, and the district taxpayers. The budget was developed with significant staff input regarding needs and priorities. The budget was developed based on principals of long-term fiscal planning.

Timeline

The budget process for the 2014-2015 fiscal year began in January 2014 with the preparation of budget guidelines, a 5-year budget forecast, and a budget timeline. The budget guidelines, a 5-year budget forecast, and budget timeline were approved by the Board of Education at the regular February board meeting. Building/department level budget planning took place between February-April. Staff presentations on the budget process took place in April/May. Administrative review of the budget took place in March and April. The first draft of the budget was presented to the Budget Committee and the Board of Education in May. The second draft of the budget was presented in June. A public hearing on the budget will take place in July. The administration will request that the Board of Education approve the preliminary budget in July. The preliminary budget will be presented at the Annual Meeting in October with community approval of the tax levy. The Board of Education will approve the final version of the budget and set the tax levy at a special meeting scheduled for the 27th of October.

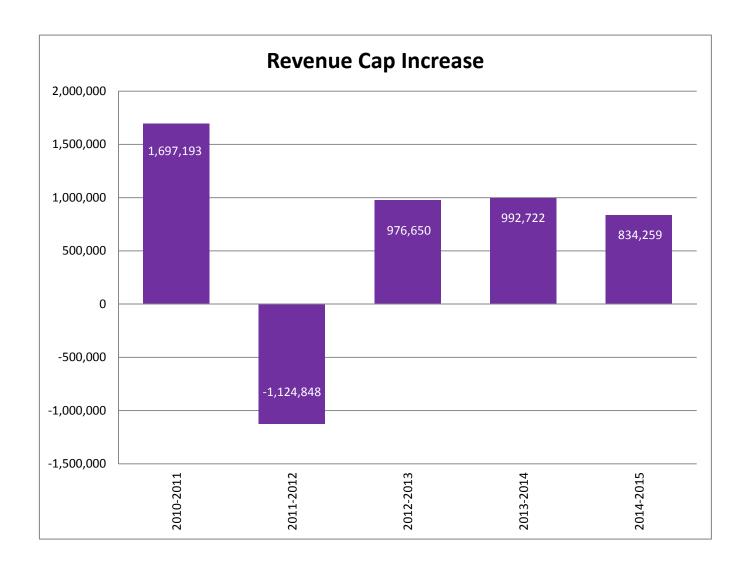

Executive Summary

A school district's budget is divided into many "funds". These "funds" are used to account for specific school district programs. The different "funds" and their descriptions are presented below:

FUND	DESCRIPTION
10	General
21	Special Revenue Trust
27	Special Education
38	Non-Referendum Debt Service
39	Referendum Debt Service
41	Capital Expansion Fund
49	Capital Projects
50	Food Service
72	Private Benefit Trust
73	Employee Benefit Trust
80	Community Service
99	Other Cooperative Funds

A state revenue cap formula is a significant factor in the development of the budget. The revenue cap limits the amount of revenue available to school districts from the two main sourcesproperty taxes and state equalization aid. The revenue cap directly affects Funds 10, 38, and 41, and indirectly affects Fund 27. Fund 27 is primarily funded from a transfer from Fund 10.

The 2013-15 state budget increases the revenue cap per student amount by \$75.00 during 2014-15. The most recent four years of revenue cap changes and the projected increase for 2014-15 is shown below:

Enrollment

Student enrollment is a key factor in the revenue cap formula. The most recent four years of historical numbers and the projected September 2014 numbers are shown below:

The historical student count shows an increasing enrollment. The projected September enrollment shows an increase of 35 students. Enrollment increases result in additional revenues being available through the revenue cap formula.

The 2014-2015 revenue cap limit is projected to increase to \$38,601,467 or \$834,259 higher than 2013-14. This increase equates to a 2.2% increase. The 2014-2015 state equalization aid is projected to increase to \$19,309,631 or \$682,627 higher than 2013-14. This change equates to a 3.7% increase. The district has received the state equalization aid estimate information from the WI Department of Public Instruction.

The 2014-2015 tax levy is projected to increase to \$24,371,096 or \$240,676 higher than 2013-2014. This increase equates to a 1.0% increase. Two years of historical information and the projected tax levy for this year is shown below.

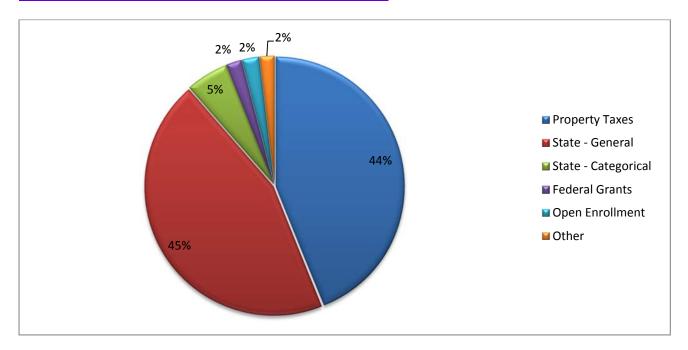

Proposed Property Tax Levy						
FUND	Audited 2012-13	Unaudited 2013-14				
General Fund	18,448,547.00	18,885,455.00	18,963,727.00

PERCENTAGE INCREASE TOTAL LEVY FROM PRIOR YR	-0.80%	2.0%	1.0%			

The 2014-2015 tax base is \$2,101,466,788 or \$0 higher than 2013-2014. This change equates to a 0.0% increase. The 2014-2015 tax rate (tax levy/tax base) increases to \$11.60 or \$.12 higher than 2013-2014. This increase equates to a 1.0% increase. The school tax on a \$200,000 home is estimated to increase from \$2,296 to \$2,320 or \$24 higher (assuming home had assessment change of 0%).

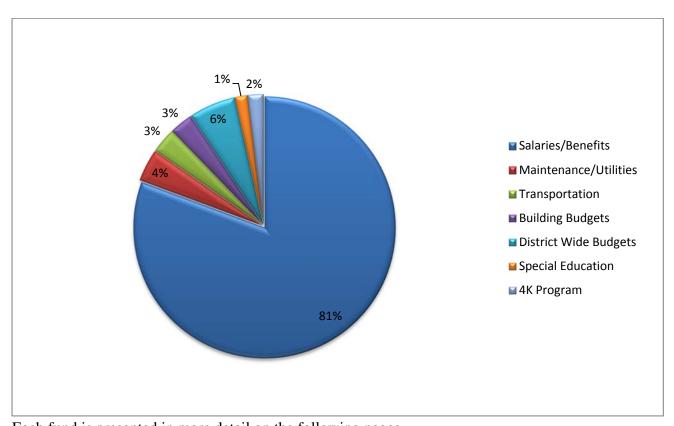

A summary of the expenditures showing two years of historical information and the proposed 2014-2015 budget is shown below. Fund 72 and 73 are not included in the summary below.

Overall considerations for Fund 10:

- The budget has a positive balance.
- The revenue cap increase is estimated based on the projected September 2014 student count and a \$75/student increase.
- The state equalization aid estimate has been provided at this time.
- A general contingency of \$40,000 is included in the budget.
- The personnel budget includes a total compensation increase of 2.0% and FTE changes as presented on the next page.
- The 4K program budget will be adjusted in the fall based on actual enrollment.

A community service fund tax levy covers the administrative costs of the community education program and other costs such as custodial, technology, maintenance, public safety, and personnel costs not charged to the community through user fees. The 2013-15 state budget requires a tax levy freeze in the community service fund for 2013-14 and 2014-15. In addition, the Governor signed legislation that would require the DPI to define allowable costs in Fund 80. A part-time administrative assistant for the athletic/activities department has been added to the Fund 80 budget.

The budget will be updated in the fall of 2014 based on actual activity during the 2013-14 fiscal year.

Other Cooperative Fund 99

Purpose of Fund: The purpose of the other cooperative fund 99 is to account for cooperative fiscal agreements made between school districts.
