#### **Introduction**

A budget is a financial plan designed to achieve the educational objectives of the Waunakee Community School District. The budget needs to be accountable to meet these educational objectives within the financial constraints that exist. The budget needs to be understandable to the Board of Education, administration, staff, parents, and the district taxpayers. The budget was developed with significant staff input regarding needs and priorities. The budget was developed based on principals of long-term fiscal planning.

#### **Timeline**

The budget process for the 2017-2018 fiscal year began in January 2017 with the preparation of a budget timeline and a revised budget planning process document. A second draft of the revised budget planning process document was presented at a special board meeting and Budget Committee meeting in February. The revised budget planning process was approved by the Board of Education at the regular March board meeting. Building/department level budget planning took place between March/April. Administrative review of the budget took place in April. The first draft of the budget was presented to the Budget Committee in April and the Board of Education in May. Staff presentations on the budget process took place in May. The second draft of the budget was presented in June. The third draft of the budget was presented in July. A public hearing on the budget took place in July. The administration requested that the Board of Education approve the preliminary budget in July. The preliminary budget was presented at the Annual Meeting in October with community approval of the tax levy. The Board of Education will approve the final version of the budget and set the tax levy at a special meeting scheduled for the 19<sup>th</sup> of October.

#### **Executive Summary**

A school district's budget is divided into many "funds". These "funds" are used to account for specific school district programs. The different "funds" and their descriptions are presented below:

FUND	DESCRIPTION
10	General
21	Special Revenue Trust
27	Special Education
38	Non-Referendum Debt Service
39	Referendum Debt Service
41	Capital Expansion Fund
49	Capital Projects
50	Food Service
72	Private Benefit Trust
73	Employee Benefit Trust
80	Community Service
99	Other Cooperative Funds

A state revenue cap formula is a significant factor in the development of the budget. The revenue cap limits the amount of revenue available to school districts from the two main sourcesproperty taxes and state equalization aid. The revenue cap directly affects Funds 10, 38, and 41, and indirectly affects Fund 27. Fund 27 is primarily funded from a transfer from Fund 10.

The 2017-19 state budget increases the revenue cap per student amount by \$0.00 during 2017-18. The budget includes a \$200/student increase in the per pupil categorical aid. The most recent four years of revenue cap changes and the increase for 2017-18 is shown below:

Please note: the 2014-15 through 2017-18 revenue caps were increased by \$540,000.00 per year due to the November, 2014 operational referendum question.

#### **Enrollment**

Student enrollment is a key factor in the revenue cap formula. The most recent four years of historical numbers and the actual September 2017 numbers are shown below:

The historical student count shows an increasing enrollment. The actual September enrollment shows an increase of 68 students. Enrollment increases result in additional revenues being available through the revenue cap formula.

The 2017-2018 revenue cap limit increases to \$42,380,296 or \$1,346,016 higher than 2016-17. This increase equates to a 3.3% increase. The 2017-2018 state equalization aid increases to \$19,968,287 or \$100,376 higher than 2016-17. This change equates to a .1% increase. The district has received the state equalization aid certification from the WI Department of Public Instruction in October.

The 2017-2018 tax levy increases to \$29,775,401 or \$1,499,876 higher than 2016-2017. This increase equates to a 5.3% increase. Two years of historical information and the actual tax levy for this year is shown below.

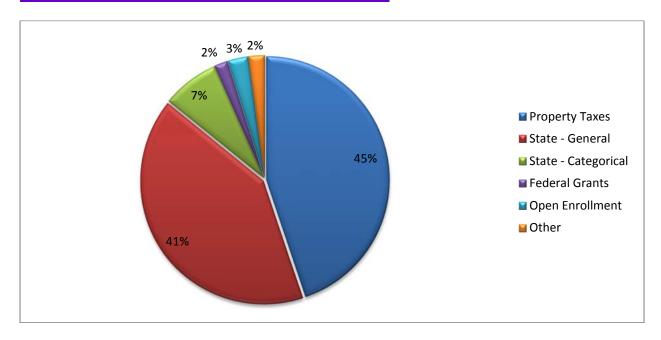

Proposed Property Tax Levy

The 2017-2018 tax base increases to \$2,619,269,420 or \$181,842,841 higher than 2016-2017. This change equates to a 7.5% increase. The 2017-2018 tax rate (tax levy/tax base) decreases to \$11.37 or \$.23 lower than 2016-2017. This increase equates to a 1.9% decrease. The school tax on a \$200,000 home decreases from \$2,320 to \$2,274 or \$46 lower (assuming home had assessment change of 0%).

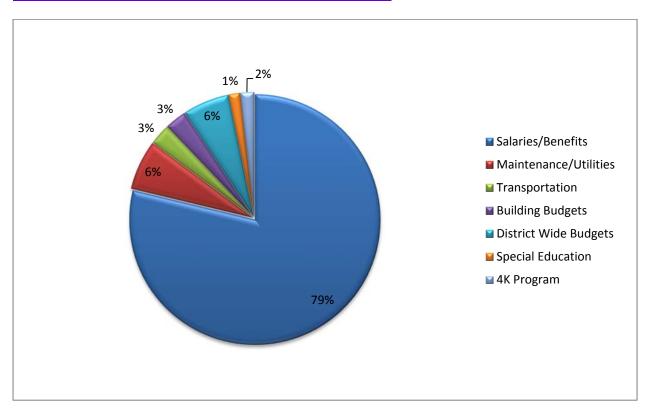

A summary of the expenditures showing two years of historical information and the proposed 2017-2018 budget is shown below. Fund 72 and 73 are not included in the summary below.

#### Overall considerations for Fund 10:

- The budget has a positive balance, except for maintenance projects funded from the fund balance.
- The revenue cap increase is actual based on the September 2017 student count and a \$0/student increase.
- The per pupil aid increase of \$200/student is based on the Governor's budget.
- The state equalization aid certification has been provided at this time.
- A general contingency of \$100,000 is included in the budget.
- The personnel budget includes an estimated compensation increase, a 5% increase in health/dental rates and FTE changes as presented on the next page. Final decisions on salary increases will be made in the fall of 2017.
- The 4K program budget was adjusted in the fall based on actual enrollment.

The intent of this fund is to segregate the budget for capital projects related to existing buildings. This fund is within the revenue cap, and the existing capital projects budget was transferred from Fund 10 to Fund 41. This fund was increased by \$300,000 as the November 2014 operational funds referendum is phased in by 2017-2018. Administration is recommending to not expend these funds for the 17-18, 18-19, and 19-20 fiscal years.

### **Capital Projects Fund 49**
