

SUMMER WORKSHOPS

For Rising 9th and 10th Graders

Sharpen your academic skills this summer with our FREE summer workshop series. These 90 min workshops are held at our Madison office at 5102 Silvertree Run #101, Madison, WI 53705. All workshops are free of charge.

Note Taking Workshop

Our Note Taking Workshop will teach high school students different note taking methods that they can use in the classroom. In this workshop, students will be introduced to note taking styles, practice, and critique note taking. The objective of this course is to improve students' note taking skills so they are prepared to use them in high school.

Choose One:

Wednesday, June 19th 10:00am-11:30am | Wednesday, July 24th 10:00am-11:30am | Friday, August 23rd 10:00am-11:30am

Study Skills Workshop

Our Study Skills Workshop introduces current high school students to the ideas, methods, and strategies that it takes to study effectively. In this workshop, students will learn and practice study methods that they can incorporate into their academic lives. The course is intended to sharpen the learning skills of students and help them become more independent.

Choose One:

Tuesday, June 18th 10:00am-11:30am | Monday, July 22nd 10:00am-11:30am | Wednesday, August 21st 10:00am-11:30am

Writing Workshop

Our Writing Workshop breaks down the writing process and helps prepare students for longer writing assignments in the upcoming school year. We will talk about tips and tricks to stay organized, get started, and maintain momentum when tackling writing projects. The objective of this workshop is to make writing feel less intimidating and more manageable for students.
